-ANNUAL REPORT-

To: All members,
As-salaamo-alaikum.

The Executive Committee of the 'Hong Kong Islamic Youth Association' takes pleasure in submitting the Report and Statement of Accounts for the session ended 31st August, 1975.

Two years have passed since the Association first established in 1973. With the help and blessing of the All Mighty; the keen participation of the members and the aid and advices given to us by other associations, our Association has acquired precious experience and is now continuously improving and flourishing.

The aim for the establishment of this Association is; firstly, to create unity among muslim brothers in Hong Kong without any racial barrier so that each fellow muslim will help one another. And secondly, attempt to appreciate the Islamic Faith, so as to achieve the Association's goal to its acme:

"Have faith in Allah. Love and help one another in order to create unity among muslim brothers."

To achieve these aims, the Association in the past

year, has constantly put forward many types of activities. At the same time, encouraging the members to participate and even help with the preparation work and planning. In doing so, we hoped that this would enlighten the members of their duties to the Association, thus to the Muslim Community. Through their intelligence and enthusiasm, they have tasted both satisfaction and failure through which they would learn the way of adaptation to Society which would be very useful to them for the days to come. Furthermore, they would learn the value of group co-operation from which we hoped, would perfect their personality and intellect. Thus, "Failure is the beginning of achievement and practice makes perfect." is always our motto. In other words, never fear trouble and failure but admit your error and perfect yourselves and the way to progress is awaiting you.

At present, the enrolment is 177. We hope that in the near future, this figure will forever increase. In the past year, we have put forward many types of activities such as cultural ones, welfare ones and recreational ones in order to serve both the members and the community.

Due to the fact that in Hong Kong, material and reference books on our religion 'Islam' are very scarce and rare, we, the Committee, to spread the Islamic Faith

have reprinted the Holy Quran in Chinese. The response of which was very encouraging. And we wish that the Association can do more for the muslim community concerning this aspect in the future.

Also, we opened a learn-to-pray class and a Koran teaching class. We also prepared some seminars on Islam with respect to other modern attitudes so as to increase our fellow muslim brothers in their knowledge of Islam. In addition, we put forward a camp based on the daily practices and duties of a muslim to teach our members therefore combining learning with pleasure.

On the recreational side, besides Judo, Chinese Martial Art classes, a hockey team, there are also a football team, picnics, launches, camps, all of which had very good response and participation.

As you all know, Hong Kong is now suffering from an economic crisis. Though the economy is not good, our fund-raising campaign via a film show proved to be a success with the theatre having a full house. In this function, there are also many other associations giving aid to us by putting advertisement in our film-show magazine. Simultaneously, there were many donations from fellow muslim brothers which helped the Association alot in its financial matters. Therefore, hereby, the-----

Association would like to give its wholehearted thanks to all its supporters and we will surely do our best to improve the Association so as to show our gratitudes.

On the darker side of things, we feel a little sorry for those members who did not show the least interest in the Association's activities. Perhaps they were accustomed to living in a different sort of world and thus did not appreciate our work. Maybe, if we work harder, showing more enthusiasm in persuading them to participate in the Association's activities, they will soon join into the big family. Sometimes, people may say "There are too much work at school and cannot find the time to participate." But we feel that if one uses one's time properly, and if they really want to participate, they will find the time to do so. Therefore, if they think that it is worthwhile to participate, they will arrange their time properly and carefully and will not find difficulty in acquiring spare time. Dear muslim brothers and sisters, consider this carefully today.

We hereby wish that in the future, the activities of the association will be more economical, enabling the members to enjoy more welfare and become a good muslim.

Lastly, we would like to represent the Association in giving our thanks to its supporters. That for the --

years to come they will continue to lend assistance to us, criticize us and advise us, so that, the 'Hong Kong Islamic Youth Association' will with the blessing of Allah, become a more meaningful and useful Association in the Hong Kong Muslim Society.
